

Prophet Owuor in Gnarp Sweden—Meeting 4

Food for the whole family; but when the Black Horse is released, you get salary but you can buy only food for one person—that means the Lord was saying that the food prices will go up. Do you understand now? The food prices have gone up. The next thing the Lord was saying, supply and demand; supply and demand—the forces of supply and demand; the forces of supply and demand, listen to this; if the prices are going to go up that means the supply will be less and the demand will be high. The supply will be less and the demand will be high so the price must go up. Listen to this: The United Nations and the Food and Agriculture Organization; Food and Agriculture Organization; yes, Food and Agriculture they held a big conference this year and they said that they are worried that the world food production is not going to be enough to feed the population of the world; that the food production is not going to be enough to feed the world population. Do you understand the effect of the Black Horse?

But what is the meaning when the voice speaks from the Throne—that's the Voice of God; because that's the—he says the voice from among the 4 Living Creatures. That is the voice of God. What is the meaning when finally God speaks and He says, “Hey, go and make sure that one quart of wheat is equal to one wage—a day's wage.” And He says, “Hey but if you find Oil and Wine, don't touch it; don't destroy it.” What is the meaning of that?

When Jesus was speaking about the rapture in Matthew chapter 25, He said the rapture, the Coming of the Messiah is going to be like 10 virgins—5 were wise, 5 were foolish. And He says and the wise virgins will enter the Kingdom of God. Why do they enter? He says because they have a jar of oil—oil. And so the Lord is telling the rider of the Black Horse that “I know I am sending you with the wrath of destruction, but if you find any Oil and Wine down there, don't touch it.” In other words, protect it. In other words, preserve it; safeguard it. Who is this? Ah.....Jesus said there would be famines in different places. Can you allow me to explain this very clearly before, please, this is very important. Allow me to explain this very well. Thank you. Thank you. Let me explain this very, very, well.

Look at me: In the Hebrew culture there were 2 types of people—the wealthy people; affluent and wealthy. Yes. Thank you so much; affluent people/wealthy people and the poor people. The poor people if you go to their table at dinner you find bread must be there. Bread is the main food—bread. Once you can afford bread, everything else is an addition. Bread was the basic common denominator. Now listen to this very well. When you go to the wealthy people, they normally lived on the mountain—by the mountain. The poor people lived at the valley. And the garbage used to be thrown, from the rich used to be poured down the valley; the garbage.

Listen to this now: When you went up to the rich people and you looked at their dining table, there were certain things that you must find there. First of all you must always find Olive Oil. Number 2 you must always find a choicest of wine from a selected vineyard. Now listen to how the Olive Oil was eaten; until today it is eaten like that. They took big chunks of cheese. Everybody focus on this you are going to be shocked what this means to the church; you are going to be shocked. They took big chunks of cheese and they put the cheese into; they dipped into Olive Oil and they lived it there for some days and the cheese begins to suck the oil. They take in the Olive Oil and when it is ready to be served, on the table there was a basket with a cloth and hot bread and they put and they cover with a cloth to preserve the hot bread. And then the cheese they scoop the cheese and put it on the plate and when it came, it came with some oil that flooded the plate. And then there was a special wine. That is the rich diet.

Everything else roasted meat, fish, those were additions but these were common. And so they opened the hot bread a little bit took some bread, closed it and they used the hot bread to touch the cheese on the plate. But because the bread is hot, it touched cheese and it also sucked some oil. And they ate it. And they drank the wine. That was the common eating behavior of the wealthy.

So the Lord was saying in the Olivet Prophecy, He was saying that verse 7 of Matthew 24 don't go there; verse 7 Matthew 24 He said that "*there will be famines in various places*" not everywhere; various, not everywhere. And then He said "But when you go and find those who are eating well; those who are in famine is one quart of wheat for a day's wages. When he said one quart of wheat for a day's wages, he meant famine. So the rider of the Black Horse was coming to bring famine. But he was told if you find the wealthy people, don't destroy them, preserve them. If you find those who are eating well, don't destroy them.

What is the meaning of that? That means there would be famines in various places, not all—some places, some places. But listen to this now: Today, there is famine in Somalia; there is famine in Ethiopia, Northern Kenya; but when you come to Sweden there is plenty of food; when you come to Norway, plenty of food; Germany—plenty of food. That prophecy has been fulfilled in the physical realm. What is the spiritual meaning? This is the most important now—the spiritual meaning now.

Listen to this: When He said there will be famines in various places and then when you find Oil and Wine don't destroy; listen to this—He meant in the spiritual context, we know that the oil—the Olive Oil represents the flow of the Anointing of the Holy Spirit. And we know that the wine represents the strength of that Anointing. That's why they say that "Wow, it is time for new wine. People are drunk. People are happy; it's time for the new wine." They said like that.

So which means there would be places where there would be draught. There would be places where there would be desolation; desolation in the church. But there would be places where there would be the Holy Ghost revival; where there will be the oil flowing and the new wine very strong. And the Lord was saying in [Matthew 25](#) that the wise virgins, they will enter Heaven. The wise virgins because they have oil—a jar of oil; but now He is saying when He is sending the rider of the Black Horse that there will be famines in various places which means there will be desolation in some churches and some churches will have revival; revival of the Holy Ghost.

Right now in Kenya; right now in Kenya, the Heavens are opened and there is a massive Holy Ghost revival. And that's why I am here to plead with God; to cry to God that even in Sweden He may open Heaven and the Holy Ghost revival.

Listen, [Amos chapter 8 verse 11 to verse 12](#); [chapter 8 Amos](#), [Amos chapter 8](#), [Amos chapter 8](#) I need to get it also; I got it. [Amos chapter 8](#), I'm going to wait for everybody to get it. [Amos chapter 8](#)—you got it, the I-phone picks it very fast, right? Yeah, like it draws it. [Amos chapter 8](#) you got it? [Verses 11 to 12](#) I am waiting for everybody to get it. [Amos chapter 8 verses 11 and 12](#). I am going to read it. Listen to what he says. [Amos chapter 8:11 and 12](#), he says, *“The days are coming,’ declares the Sovereign LORD, ‘when I will send a famine through the land—not a famine of food or a thirst for water, but a famine of food or a thirst for water, but a famine of hearing the words of the LORD. Men will stagger from sea to sea and wander from north to east, searching for the word of the LORD, but they will not find it.”*

Listen to me now: Do you see the famine that the Lord is talking about? The Lord was saying to the rider of the Black Horse, if you find a church which is in the Holy Ghost revival, the church that is walking in the Oil and the Wine, they are worshipping in; how do you know that the church is having the Oil and Wine? Focus on me now: This is how you know.

What does the Holy Spirit do in the church? The Holy Spirit revival in the church brings the wisdom of God into the church; the river of life that flows from the Throne Room of God, into the church, it brings the wisdom of God in the church. But in [Job chapter 28 verse 28](#), [Job 28 verse 28](#), he says, “Behold” excuse me, “Behold it is the fear of the LORD that is wisdom.” “Behold it is the fear of the LORD that is wisdom.” So how do you know; how does the Black Horse, the rider of the Black Horse know which church is in the Oil and Wine so he may not destroy it? He will see her walking in the fear of the Lord. So the Lord was saying in the days before He comes, revival will not be everywhere; only those that will choose repentance and holiness. And once they have created a new vessel, a new wine skin, then the new wine will be poured. And so you will have revival of the Holy Ghost with the Bride of Christ. The church that will enter; so when the rider of the Black Horse is sent, he is told, “Don't destroy the Bride of

Christ; if you see her, just preserve her—don't touch her because she is for the Kingdom of God."

Did you understand now? Thank you for giving me the time to explain this. That's very, very important so I can wash my hands and live. But what happens with the fourth Horse? In the Arab world right now, Revelation chapter 6 still; I am now coming to an end of this; Revelation chapter 6, and he says, verse 7, "*when the Lamb opened the fourth sea, I heard the voice of the fourth living creature say, 'Come!' I looked, and there before me was a pale horse! Its rider was named Death, and Hades was following close behind him. They were given power over a fourth of the earth to kill by the sword, by famine and plague, and by the wild beasts of the earth. When the Lamb opened the fifth seal, I saw under the altar the souls of those who had been slain because of the word of God and the testimony they had maintained. They called out in a loud voice, 'How long, Sovereign Lord, holy and true, until you judge the inhabitants of the earth and avenge our blood?' Then each one was given a white robe, and they were told to wait a little longer, until the number of their fellow servants and the brothers who were to be killed as they had been was completed. And when the Lamb opened the sixth seal*" the huge earthquake that strikes the Mount of Olives takes place.

I have seen that earthquake. Let me explain to you the fourth, fifth and sixth seal. Then you will know where exactly we are at regarding the Coming of the Messiah. This is now very sensitive. Listen to this: When the Lamb now opens the fourth seal; when I was sleeping in South Africa on the floor of the Airport, I saw the Pale Horse coming. And I saw the rider, he is called Death. His eyes are almost, I don't know whether, I think I have described him in the magazine—a little deeper and as if blood is flowing through his eyes like this; and one bone here and another here as if some dead person from the tomb. It was bad. I don't want to describe all. But anyhow his name is called Death. And I announced. I said, "Death is coming to the earth."

And I said he is coming to take away life. And then it is amazing because I wanted to go to CNN, to Euro News, to Sweden TV, to BBC and tell them, "People can you give me 5 minutes. I want to talk to this people." This is on a lighter note though. I wanted to say, "Can you allow me 5 minutes I want to talk to the earth." They would have asked me, "What do you want to tell the earth?" Then I would have said, "I want to announce to them that the Pale Horse is going to be released. Probably that's the day my life would have ended right? Ha, ha, ha, ha, I'm amazed—the ways of God.

Nobody can understand the ways of God. I was looking for a way of announcing to the whole world in one voice. "The Pale Horse is going to be released be careful." Then I had no way of announcing. Only the nations, I preached in. But the day the rider of the Pale Horse was released, my God! Jehovah is His Name. He made sure, listen to this. There was chaos in Egypt

in the Tahrir Square and the whole world was watching. They wanted to know how is this thing going to end. Is he going to send the tanks to murder all the thousands and millions of people? Everybody was watching how is this thing going to end? And there was gun fire—*pa, pa, pa* people being shot.

So the whole world was watching. And then the Lord, He placed the rider of the Pale Horse in the eye of the cameras. Give me the magazine; give me the magazine. You need to read this. You need to read the oracles of the Lord; you need to read the oracles of the Lord; you need to read the oracles of the Lord—that is from CNBC camera, MSNBC, no—NBC, NBC that one we picked from NBC. It is amazing, three, you did that right? You've seen it, yes—very good. For me I was fasting. We were praying and fasting and normally when we pray and fast we shut down the TV; shut down everything just prayer and fasting and serving God. No newspaper, no TV, nothing, no news. But in the middle of fasting the Lord spoke to me three days before that, "Look he is going to be released." But I refused to break the fast. Then in the middle of the fast, I saw a lot of emails coming, coming, coming; a lot of emails from all over the world coming to the in box, saying "Man of God have you seen the Pale Horse? Have you seen him? He has appeared on CNN. He has appeared on Euro News? He has appeared on MSNBC. And they are asking" it is amazing what God can do.

God helped me. How would somebody believe me? People would see I am crazy, you know. They will say, "This person needs a psychiatrist. He wants to announce to the world about the Pale Horse?" But when the Pale; when they were watching on Tahrir Square then they started saying, "Look a ghost horseman has appeared in the news clip; a ghost horseman has appeared in the news clip" and it is incredible. We have it on the website. You can get. If you see the way the hair, what I've been describing for many years and many people did not know how to believe me. "This man is talking about some horses from Heaven with wings or what." Because I kept doing this; I kept saying, "Look the wings. He has the hair, the long hair with glory." It is amazing to watch this clip—that news clip. It was only 6 seconds. But let me tell you, "The Horse does this, woowoow with the glory; with the mane before he lives."

And when he left, look at what happened in Libya. When he left, look at what is happening in Syria, in Yemen, and the worst is yet to come. I have just announced some wars here today. Listen precious people, that's why you see the dead body, dead body, you can see a whole army been sent to kill people where they live—a whole army; whole army with tanks and everything in Syria they go to kill people where they live; civilians without guns. They send a full trained army with tanks as if they are going to fight another country. And dead bodies, dead bodies, dead bodies, dead bodies, dead bodies.

His name is Death and Hades, hell; hell follows him. But let me give you the secret now. When the fifth seal is broken, then you see under the altar of the Lord, many, many, many souls

that have been murdered. They have been murdered. Let me explain to you how they are murdered. They put their neck on the wood like this; their neck, they put it on the wood and they take a sharp axe and pa—cut. That is how they will be killed when the fifth seal is broken.

Why are they killed like that? The Bible says they will be killed because of the testimony of Christ that they maintained, which means when the fifth seal is broken when you try to maintain the testimony of the Word of God, the testimony of Christ, which means to worship Christ, if you will try to worship Christ, this word must be fulfilled. You must be killed—beheaded. Did you understand me? Right now we are here and we are giving testimony of Christ. But after the fifth seal is broken, when we will try to do this, somebody will walk in with an axe and a machine gun and he will ask, “Are you people worshipping Christ?” If you say, yes, they say, “Put your neck here.” And he will cut it. And then he will ask the next person, “Are you also still worshipping?” If you say yes, you must be beheaded.

What does that tell you about the rapture of the church? Sorry? I know you know; don't say. Ha, ha, ha you were in Norway when I gave this. So what does that tell you about the rapture of the church? For as long as the church is on the earth, the church will always worship Christ. The church when she walks as a Christian and reads the Bible, that means she is giving testimony of Christ that Christ went to the Cross, died and redeemed mankind. As long as the church is on the earth, nobody can stop the church from worshipping.

But when you see now, anybody who will try to worship the Lord beheaded, that means the church of Christ has been taken. The church will have been raptured. That is the place; this is where I wanted to bring you. That's why I said when the seals are broken we are in a zero countdown. You don't want to wait for the fifth seal. You want to make sure that you are ready. The person who prophesied the fourth seal is here now, standing here—until it was fulfilled; until you see a lot of dead bodies in the Arab world where, where, dead bodies, dead bodies, dead; killing. The person who prophesied the fourth seal is here. And he has also prophesied the fifth seal.

Precious people, prepare for the coming of the Messiah. I saw Heaven open and I saw again Heaven open and again I saw Heaven open. In other words, the Lord is using that one to say that “Look Heaven is still opened. Prepare now.” Because the Bible says in the twinkling of an eye, in a flash without notice the rapture will take place. The Book of 1 Corinthians chapter 15 verse 50 to 56; 50 to 56 he says the rapture will happen like this—in a flash in the twinkling of an eye, like—close open, close open, which means there will not be any announcement. The only announcement that will take place is this announcement here.

Did you understand me? This is the only announcement that is taking place. And the Lord is saying I don't know what it is that is holding you back, some of you it is sexual sin. You

have a girlfriend you don't want to live. Tell me why don't you just repent both of you. Go to a pastor and get married "Holy unto the Lord." Some of you there are certain—alcoholism, the alcohol you like drinking, friends. People are held because of different reasons. But whatever is holding you, let me tell you one thing, right now you can shed it and prepare for the Kingdom of God.

Precious people, I have finished my job. I will go back to my room and kneel down before the Lord and tell Him, "Lord you sent me. I finished my job. And I told them that look the Wedding is ready. I invite you to the Wedding of the Lamb. I brought you the Wedding invitation of God. If you want you can begin today a holy life. If you don't want, it's also ok. I have to move to the next city. But all I am doing if you follow this very carefully here, I am announcing the Coming of the Messiah. And I'm also announcing that the door will be shut. If you are wise, this is the time to take the Lord. I want to distribute these DVDs to many people wherever you can, spread them all across there and all over there. I think I can give as many groups as I can.

But right now if you know that you are not well with the Lord, I have 2 minutes, 2. I will walk through this door and I will not come back to Gnarp because I have to reach other countries across the earth. If you know that you are not ready, the floor is open. If nobody comes it's also ok—those who want to come, come in 1 minute; 1 minute in the Name of the LORD. Don't stop. Come all of you, all of you. The window in Heaven is still open. Just come. Come to Him. It doesn't matter if you are a pastor. Some of the greatest sinners are pastors. Right now it does not matter. Let the pastors also enter. Those who come that is wisdom.
