

Finer Details on the Coming (April 29th 2011 Historic Vigil)

Prophet Dr. Owuor

Halleluyah. What a mighty revival, people crossing over in their largest numbers in that first segment and now I would like to move into the next level. I want to share a very critical vision of the LORD and it's my prayer that the people across the other nations are listening very keenly.

On April 27th the year 2011 the LORD spoke with me regarding the Coming of the Messiah and it was a very stunning conversation. In fact, as a matter of fact, I began to understand the proximity with which we are close to rapture. I became startled when I woke up from that mighty vision of the LORD. I will describe this vision and then later I will combine the two—the one of the garment and this in today's message.

But in this vision of April 27th night, April 28th morning 2011 all of a sudden the LORD spoke with me about the return of Christ the Messiah. But in that vision I was at a place and I was preaching in that place announcing the Coming of the Messiah. I was talking about the Glorious Return of Christ the Messiah, Christ Jesus the Messiah. And in that place where I was in that vision, I could recognize the country, the people that were in that meeting, the people of that country and in that meeting there were some ushers who were helping out to direct people who were walking in to where to sit, where they can go stand or sit, there were ushers in that meeting ushering people in to the meeting. And I was announcing the Coming of the Messiah in that meeting and then all of a sudden, the LORD told me by voice to tell the ushers, the people that were standing by the door, by the edge, by the aisles, the LORD asked me to tell them to go get seated that they too may partake of this very critical message.

And so I said, "Ushers you too get seated that you may partake of this very sensitive message." And I remember the ushers, I remember the ushers went, they got from where they were standing, they went to find seats. And immediately they sat, some few were remaining next to me and immediately they sat, I began to announce again and I said, "Prepare the way of the LORD in your hearts, seek righteousness and holiness, the Messiah is Coming." And I was going to speak further about the holiness and righteousness when all of a sudden the rapture took place. Again after I had told the ushers to go and get seated that they too may partake of this very sensitive and critical message and when the ushers had gone and sat, I see a few, next to me. They had not yet gone. As a matter of fact, on my right hand side I see a few and then on the left hand side I see one more usher still there.

And then when they had sat and I began to announce this Glorious Coming of the Messiah and highlight the need for righteousness and holiness, then all of a sudden I was

shocked that the rapture took place. And when the rapture took place I was shocked to see them leave. The people I saw leaving the ground, they were very, very glorious. And the way they went up, the way the LORD presented it, you would think as though they were rockets that went from the ground towards the sky. And I saw that when they reached the cloud, their bodies were more glorious than the clouds. And hence, I could see them even traversing over the clouds. And the LORD showed me even what part of the earth, what corner of the earth above which they were all pulled towards that part of the earth—above that part of the earth. And I saw them combine, join the Glory of the LORD in the sky and Heaven opened and I saw them enter into Heaven; but it was so fast and so they appeared like rockets went through the sky—glorious rockets.

But immediately they entered with the Glory of the LORD into Heaven, then I saw a thick black cloud that came and covered that entrance—closed it. After that I looked where I was and I saw those Christians that had remained and they were a lot. It was a lot of people that had remained and there was a lot of wailing and shock and stun and surprise. People were totally shocked at what had befallen mother earth and what amazed me most, the LORD presented those who remained, those Christians, Christians their bodies, they were whitish. I don't know whether that's their clothes or over their clothes, looks like their clothes were whitish, but brownish—whitish, but brownish. And that was very shocking to me. Well that is the first time that the LORD has now shown me the rapture of the church when I am on the earth because most of the other visions, He normally lifts me up, the Spirit of the LORD lifts me up above the earth and then show me how the rapture would take place and how they would leave the earth towards Heaven.

And what stunned me most is that now I know in which country I will be when the rapture takes place. I can also see the people's of that country, I can see the church, the members of the churches, I can see what they look like and I also know what time it is; when in terms of day, day or night, it was at day time, it was a meeting taking place in the day in that part of the world—that meeting was in the day time; the day and the hour, I don't know; the day and the hour nobody knows. But I know the place where I was holding a meeting in that vision when the rapture takes place.

Precious people, I was very shocked when I woke up from that vision. Then I have realized that the benchmark of the LORD, the standard of the LORD of righteousness and holiness will not matter. It will cut across both the church and the heathen. It will not care as to whether you are in the church or you are outside the church. In that part of the world, it was day time when the rapture took place; it was a meeting taking place in the day. Precious people, time is over and I want to share the depth of this conversation with you the church.

And why would God show me such details? He has been speaking to me about the Wedding of the Lamb, the Wedding of the Lamb, the Coming of the Messiah, the Coming of the Messiah; but why now?—that you will be in such a meeting when it all takes place. That tells me that time is absolutely over and that's why the message of the garment that I want to share tonight is absolutely very critical and central. Again I saw a lot of people that remained and a lot of wailing that took place. There was wailing; people were shocked and stunned. Some of them had lost loved ones were not there anymore.

Again I have seen the place where I will be at and it was very shocking, but to see those who had remained was even more shocking. The Bible says in Matthew chapter 24, Matthew 24 and I am reading here from verse 36, *"No one knows about the day or the hour, not even the angels in Heaven nor the Son, but only the Father. As it was during the days of Noah so will be at the coming of the Son of Man."* But listen precious people that means that this conversation is indeed between God the Father and the church because only God the Father could know that when He would send me to which country, it will be day time there and I will be in such a meeting. I could see the meeting if I can identify that meeting; when it comes I will identify it probably. And then He says, "It will take place."

Why the details of this level? Why the details of this gravity?
